Fare You well- Our Comrads

This coming Monday will be the scene of many departures, and the camp will ring with shouted advice and warnings. Friends who have stood by each other through thick and thin, for past fifteen months are to be separated. Acquaintances are to be served, and perhaps never reunited. But, we rest assured that these acquaintances and experinces that you have had in the CCC'S will never, never be forgotten. You will go out into the Civillian world with a chip on each shoulder, and with knowledge that you are a real man. You have fought Mother Nature, won over the demon "FIRE", and have come unscathed through many experinces. It has been fifteen months of work, alternated with rough, wholesome play, and now, you begin to wonder what the future holds for you. Will you go into a trade, become a successful business man, or what? But, whatever you do, in Civillian life, remember that you are from this Company, and uphold the name of 1421 in all times. Show that Company 1421 builds real men, and make the world glad you were a CCC. It's rough, it's tough, but gang is'nt it the life?

Good luck, fellows, and think of COMPANY 1421.

Mr. Adkinson, we welcome you to the Canteen, and want to let you feel that we intend to cooperate with you at all times. We haven't very much cash, but yo'l probably get most of it. That is if the Canteen is open, so we can spend it. We appreciate the efforts that you and the Lieutenant are making to make the Canteen where all our demands will be promptly filled. Pull the fence up from around the Canteen, and let's hear those coins rattle across the counter.

Fresh Meat is coming soon. Let's show it how we want it to be while in our camp. There is going to be new men in our midst before long, and do we like to use new men come in.

The old belts will be heard connecitng with flesh, or pants maybe we should say. Any-how belt lines will be a frequent thing for a few days. Can they take it? Lets hope so for we had to when we were "Rookies", so let's try to give them a warm reception. But, at the same time be good sports.

BOYS RETURN TO  
CAMP

Christmas vacation is but memories to about one hundred of this camp's boys; but such a pleasant memory.

The leave was up Wednesday Dec. 26, and work began the next day. There were a few A.W.O.L.'s coming in Thursday. K.P.'s will be plentiful this week end.

The guards were kept busy Wednesday night checking the boys in. Tough break for the wide awake guards.

Eighty one men were on hand to start working Thursday morning. Many of them looked as though a few hours more of sleep would do them no harm.

The boys making the trip to Miami and vicinity returned Thursday afternoon. West Palm Beach men Wednesday night and Thursday. Green Cove Springs, men returned Wednesday night.

All that remains of the leave is the talk of different things each man did while away.

## CHRISTMAS IN CAMP

Saturday was one of the day of ~~after~~ the nightbefore's. Everyone not serving K.P. did bunk duty, most of the day. Saturday night trucks went to town, some went to a show. A truck carried a load to the dance.

Sunday the day was spent in writing letters and cards to our family and friends. Sunday night Church services were attended.

Monday, Christmas Eve. A very quiet day, a few boys went to Sarasota on the mail truck, and sent telegrams to their people. All returned with the truck. No trucks went to town that night.

Tuesday Christmas Day a very quiet one. A turkey dinner with plenty of side dishes was served, and very few went back for the usual seconds. Trucks went to the show that night.

Wednesday, work resumed and boys began to return to camp in the afternoon. They were returning all through the night.

The dance friday night was a great success, everyone had a nice time, and are wanting to have another.

## MYAKKA VS. SULPHOR SPRINGS

Co. 1421 makes it's debut in the Tampa Sub-District League Saturday night, Dec. 29. Sulphor Springs is their first opponents. The game is to be played in the Y.M.C.A. gym, it is to get under way at six-thirty o'clock sharp.

This company's team has been practicing for two weeks, and will be in good shape for the game. Sulphor Springs should have a fast team, and is expected to give plenty of competition.

The low scores in the practice games indicate the guards are holding their own, and should be able to handle the Sulphor Springs forwards.

Conway and Richardson are working good at center and will get their share of the Tip-Offs.

Cone and May are giving a good account of themselves at the forwards post, and will give the up staters plenty of trouble.

A large following of this Company will be on hand to help the team on.
